San Juan Capistrano, California 92675-3222

Dear Leadership Team,

As we move into the new school year, and I reflect back on the last school year, I want to express my heartfelt appreciation to each of you and your program that has provided a foundation for the continuation of Austin's success in remaining drug and alcohol free. I am so very grateful to have had Austin in your program and under your care.

During the time that Austin was a student of Coastal Mountain Youth Academy, I had the opportunity to watch each of you work with the students, which at times can be very difficult and trying. I was continually impressed with your dedication and patience. Your level of caring and passion for the students was quite evident and commendable.

Because of your program and individual efforts, Austin has been successful and grown in his recovery. This includes Austin remaining "on track" academically.

This school year, Austin will enter independent studies. I plan to model much of the structure at Coastal Mountain Youth Academy to support his success including counseling, mandatory AA/NA meetings, 12 step program, personal goals, and outside activities (guitar/voice lessons and gym membership). I would not have these resources or knowledge of this structure without your program.

Your program, support and efforts have also benefited our family and contributed to the peace that we now have in our home the majority of the time. From my heart, thank you for making a difference in our lives and the lives of other adolescents and families!

I have recommended your program to others, as well as health care professionals, and will continue to do so. If ever I can be of assistance to you, please feel free to contact me at [redacted]. I wish you continued success, and all the best as you reach and attain your goals and vision.

Sincerely,

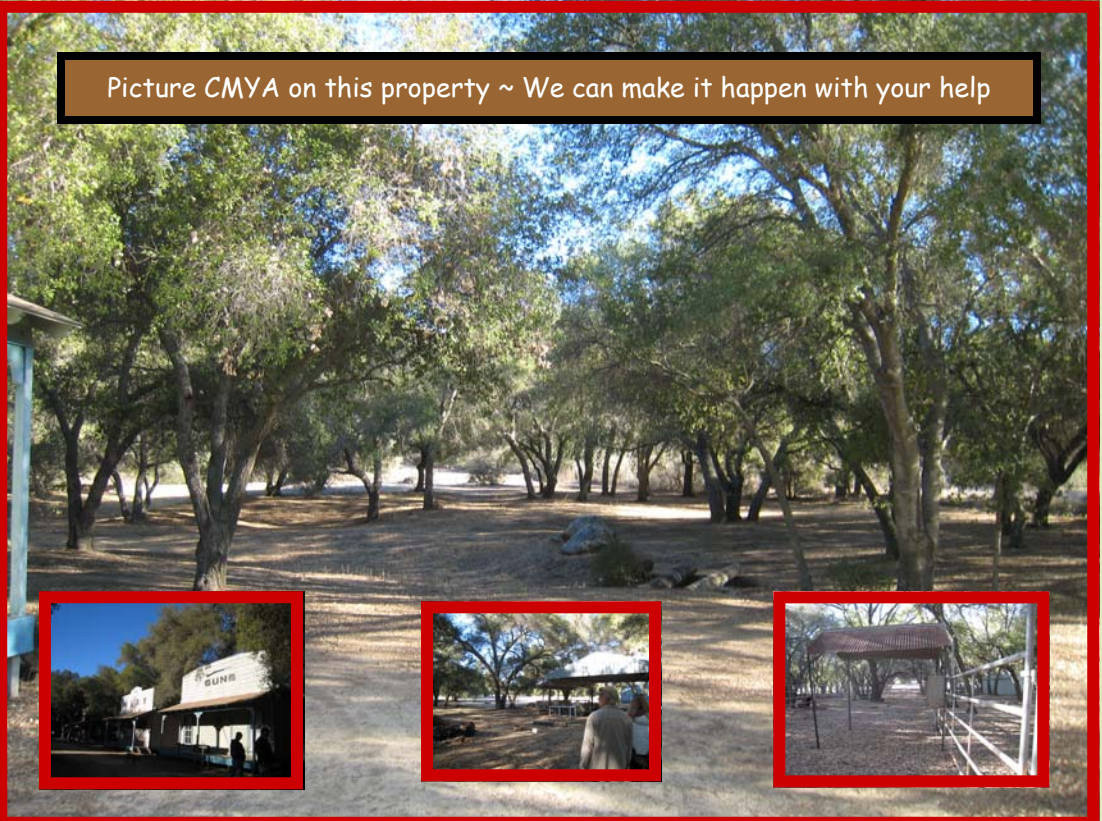

Candice Fullenkamp
Parent of a Recovering Drug Addict/Alcoholic

*"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has."
